

CAB SAFETY PARTITIONS

Full Size Van Partition
with Locking Door

Masterack® Van Cab Partitions provide maximum protection from cargo and shifting loads.

- > Constructed of sturdy formed steel panels with full perimeter attachments.
- > Exclusive non-glare black finish for superior rear and side visibility.
- > Improves climate control and security.
- > Teflon™ tough finish provides scratch resistance; looks good with today's vehicle interior trim.
- > Available as perforated or solid panels. Center can be a fixed panel or a hinged door with keyed locking handle.
- > Designed to fit most vans (see ordering guide page 27).
- > Side attachment panels and top close out included at no additional cost.
- > Easy installation; complete instructions and hardware included.

Partitions for Full Size Vans

Sprinter Partitions are available for both standard and raised roof, with locking door or fixed center. Full perimeter attachments for safety and security.

Minivan Partitions are constructed to the same high quality and safety specifications as our standard full size commercial partitions. Refer to order guide for vehicle fit.

Partitions for Passenger Vans offer the flexibility to move the partition from one seating position to another. Perfect for sales samples and other light cargo. Available in welded wire and Lexan™. Specify vehicle make and model when ordering.

- 024275** Wire multi-position partition
- 025293** Lexan™ multi-position partition
