

TRUCK UPFIT SOLUTIONS

CARGO GUARD LINEUP

Masterack's Cargo Guard solutions transform pickup trucks into organized, secure, job-ready work vehicles. Built for daily fleet demands, the lineup protects valuable equipment while improving access, efficiency, and overall bed utilization.

Two solutions. One proven standard of durability.

CARGO GUARD

Secure, Rugged Protection.

- Locking, lift-assisted aluminum bed lid for secure, water-resistant protection
- Integrated side-access toolboxes
- Heavy-duty powder coated steel rack for carrying ladders or oversized materials
- Fleet-proven construction

NEW CARGO GUARD DUO

Meet Cargo Guard Duo – the next evolution in our line of secure pickup storage solutions.

- 1. LOCKING, LIFT-ASSISTED SPLIT-LID**
Built for protection and convenience, the heavy-duty aluminum split lid opens with ease and maintains clear rear visibility on the road.
- 2. MODULAR LADDER RACK**
Designed for safe, reliable transport of ladders and oversized cargo.
- 3. CONFIGURABLE SIDE-ACCESS TOOLBOXES**
Mix and match large or small toolbox compartments on either side of the truck bed.
- 4. DESIGNED FOR THE FORD MAVERICK®**
Purpose-built for the efficient, city-ready pickup.
