

NISSAN CARGO UPFITS

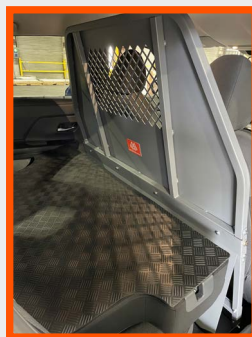

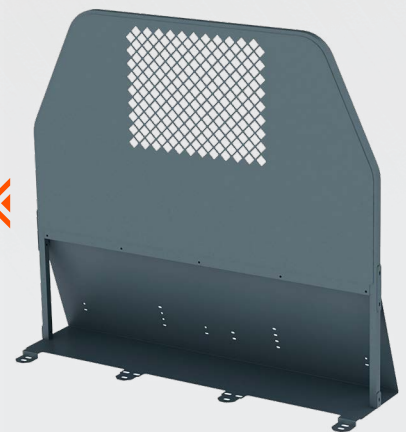

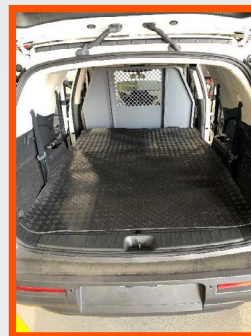

TRUSTED SOLUTIONS FOR YOUR FLEET.

➤ Compact vehicles are becoming an increasingly popular choice for fleets. Vehicles like the Nissan Pathfinder and Nissan Kicks offer versatility and efficiency in urban settings. To maximize their potential, the right upfit solution plays a critical role. Whether for delivery or mobile service, **Masterack offers high-quality products to increase driver safety and productivity no matter where the job takes you.**

PATHFINDER

- **Durable Solid Steel Partition:** Ensures maximum protection for the driver by effectively securing the cargo area from the cabin.
- **Custom-Fit Rubber Cargo Mat:** Designed to fit securely over folded seats, providing enhanced protection against wear and tear.
- **Easy, No-Drill Installation:** Allows for hassle-free transferability between vehicles, making upfit adjustments quick and convenient.

KICKS

- **Durable Solid Steel Partition:** Designed to fit the contour of the vehicle while providing space and protection for the driver.
- **Custom-Fit Rubber Cargo Mat:** Protects folded seats from wear and tear, increasing vehicle resale value.
- **Easy, No-Drill Installation:** Securely mounts to the rear seat tracks for quick, no damage install.
